COVID profoundly affected our world in 2020. Along with the sudden and immediate hardships facing our neighbors, we witnessed our community’s incredible generosity and resilience. Here at Deep Well and across our community, our neighbors have stepped up to feed, shelter and support those in need. With the community’s support, Deep Well was able to meet the significant needs of thousands of people and hundreds of families. Together, we have persevered and we have survived. We thank you—and pledge to continue our work with your generous support.

94% of every Deep Well dollar is spent on direct client services and programs (per our 2019 990 Federal Tax Form)

**FOOD**

$374,713 value of the food provided by Deep Well
